Admiral Stansfield Turner

Honorable Sir.

Congratulations on your selection  
as head of the Central Intelligence Agency.  
This country needs the combinations  
of the various and diverse experience  
- and the expertise that comes with it -  
which have been revealed in the  
articles written about you in Time  
magazine and I think our Country  
is in good hands with a man  
of that background in this highly  
sensitive position.

Good Luck in your future  
services rendered to our great  
Country - Yours truly

(Ms) Elsie K. Leach
